Improve your bottom line with MW Safers

The anti theft protection with unique qualities and flexibility

MW Safer brand offers different levels of security by using two different locking systems. The locking systems each provides the customer with a choice to decide which level of security they want to use in their store.

SLS

SLS single round magnet locking system

SLS single magnet locking system goes a long way...

The complementary SLS single magnet locking system gives the customer a choice of normal, super or hyper system.

DLS

DLS double locking system (with diversified magnets)

DLS double locking system by far the most secure system available

The original safer system with patented DLS double locking system is considered to be the most secure locking system on the market today.

MW Safers – The Original – Swedish Anti Theft Innovations

We have our own inhouse R&D development with a strong team of innovators and engineers.

We stand for quality, innovation and quick response.

We are solution oriented, efficient, proud, pro-active.

We put our customer's needs in focus.

We are willing to walk that extra mile to get satisfied customers.

We want to be the retailers first choice.

Products related to Consumer Electronics

Secure an open display of Consumer Electronics

Consumer Electronics such as mobile phones, cameras, game consoles, computers and similar, has always been considered as high theft items. In many cases these products are kept behind the counter or in a locked display to prevent theft.

MW Safers offers a large range of products in different sizes to meet the market need for protection of consumer electronic merchandise.

Products related to Health & Beauty

Give your Health & Beauty products "a safer attraction"

A sector dependant on high visibility, such as Health & Beauty, requires efficient ways to protect high theft merchandise, without losing focus on sales and exposure. With this in mind we have developed the new FORTKNOX™ LUX display safers. The products to protect within this segment are make-up products such as lipstick, foundation, eyeliner, facial day and night cream, eye cream, perfumes, body moisturizers and oil, compacts, foundations, pharmaceutical products and much more.

EASETUBE™ is a Swedish Innovation and a unique product. There is no similar function on the market as strong as this one.

The EASETUBE™ is available in both RF and AM technology and easy to use. Sometimes it is a need to provide the customer with solutions for how to install the EASETUBE™ in the store. MW Safers brand can therefore also provide several solutions for displays that fits the EASETUBE™, but most importantly, that fits the different brands available on the market.

Products related to Pharmacy

Keep your Pharmacy in place with "a safer protection"

A sector dependant on high visibility, such as Pharmacy, requires efficient ways to protect high theft merchandise, without losing focus on sales and exposure.
